

Scientific symposium on
Human reproduction and evolution

Perspectives from developmental biology,
obstetrics, orthopedics and biomechanics

organized by Barbara Fischer, Nicole Grunstra, Katya Stansfield and Philipp Mitteroecker;
Department of Evolutionary Biology, University of Vienna

7th-8th September 2023

9am-5pm

@ University of Vienna

Lecture hall HS2

University Biology Building (UBB)

Djerassiplatz 1, 1030 Vienna

WITH

Obstetrics

Wolfgang Umek (MedUni Vienna), Engelbert Hanzal (Meduni Vienna),
Barbara Fischer (Univ. Vienna)

Comparative Anatomy and Biology

Karen Rosenberg (Univ. Delaware), Nicole Grunstra (Univ. Vienna),
Nicole Webb (Univ. Tübingen), Philipp Mitteroecker (Univ. Vienna),
Lia Betti (Univ. Roehampton),
Nicole Torres Tamayo (Univ. Roehampton)

Paleoanthropology

Pierre Frémondrière (Aix-Marseille Univ.),
Martin Häusler (Univ. Zurich)

Energetics

Jonathan Wells (UCL), Cédric Cordey (Univ. Zurich)

Biomechanics of the Pelvic Floor

Katya Stansfield (Univ. Vienna), Marco Parente (Univ. Porto)

Locomotion

Jochen Hofstätter (Orthop. Hospital Vienna Speising),
Sebastian Simon (Orthop. Hospital Vienna Speising),
Hans Kainz (Univ. Vienna), Clara Egner (Univ. Vienna)

Developmental Biology

Nicolas Rivron (IMBA Vienna), Mihaela Pavlicev (Univ. Vienna),
Günter Wagner (Yale)

For program and contact information see:
